Your iPhone will automatically search for any available Wi-Fi networks in your area. This process may take a moment.

Once you have chosen the correct network, you will be prompted to enter your username and password.

CCSNH Network View

You will see a list of available networks please choose which wireless network you would like to connect to, either **CCSNH** or **CCSNH-Guest**.
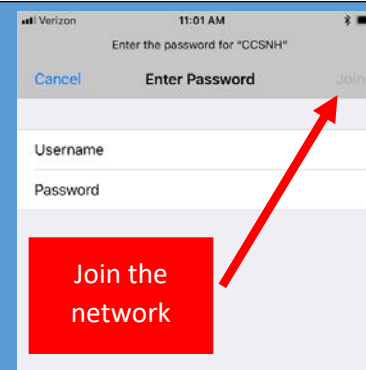

If logging into the **CCSNH Network** your username and password will be the same as your username and password for your CCSNH e-mail. After completing the required fields press **Join** in the top right hand corner of your screen.

Join the network

Choose which network you would like to connect to.

CCSNH-Guest Network View

If you are choosing the **CCSNH-Guest** option you will be prompted to provide your full name and a current e-mail address. Be sure to read and accept the terms of use before selecting register.

CCSNH will be used for any individual who has a valid CCSNH e-mail account while CCSNH-Guest will be used for anyone who is visiting the campus or has not yet been assigned an e-mail address.
