### Why choose Biological Sciences?

The Associate in Science degree program in Biological Sciences allows students to explore an array of science courses which span the fields of biology, chemistry, mathematics, physical science, and physics. Students receive a strong foundation in the scientific method and the physical world.

Coursework prepares students for transfer into a four-year bachelor degree program, in which they may choose to pursue further studies in the field of: biology, chemistry, physical science, physics, health careers, laboratory work, scientific research, teaching, or pharmaceuticals.

Students are encouraged to work closely with their academic advisors to ensure they enroll in courses appropriate for the institutions to which they plan to transfer.

### Estimated cost of program Tuition and \*fees only:

- In-State **\$15,984**
- NE Regional **\$20,349**
- Out-of-State **\$30,870**

### Register

Register for all of the courses recommended each semester. Take at least 14-16 credits each semester to graduate in two years. A higher percentage of students graduate when they complete 30+ credits within their first year. (Research by Complete College of America)
