Subject: RE: module completion times

This email originated outside of the Community College System of New Hampshire. Please help keep our organization and users safe. It's up to us; think before you click.

Hi Jason, I don't believe we have those times listed in the OPS manual. Typically it takes 1 hour to complete one of online modules and about 2 hours for the hands on portion. I hope that helps.

Thanks,

From: Jason J. Felton <jfelton@ccsnh.edu>

Subject: module completion times

Good morning,

I was looking through the operations manual and documentation but I cannot seem to find a listing of how much time it should take to complete modules. We are going through our ASE accreditation and I need to document how much time it takes to complete the modules. Am I just overlooking this somewhere or do you have something you could send me stating the completion time for modules? Thank you

Jason Felton
