### Benefits of Cybersecurity Networking?

The Associate in Science Degree in Cybersecurity Networking is designed to provide students with networking skills focused on the network security. It prepares students for entry-level positions as Network Security Specialists. Students will be able to set up and administer basic computer network systems and secure them against outside intrusion.

This degree also prepares students to handle security incident responses. Students will be presented with materials necessary for Cisco CCNA Security certification, CompTIA Security+ and introductory elements of (ISC)2 security program.

### Estimated cost of program Tuition and \*fees only:

- In-State **\$16,658**
- NE Regional **\$20,303**
- Out-of-State **\$30,490**
