What changes would you suggest to improve learning in this course?

- Tell us the page numbers to the assignments were looking at and or working on.
- It is very fast-paced and some things aren't covered as much as they could be
- Focus on mainly on more hands on work rather than only going by the textbook
- More group work or hands-on activities to engage the class as a whole.
- There were certain things on tests that we had never been taught.
- I would change nothing, this course was very helpful and clear.
- None. I don't think there is a single improvement to be made

The instructor communicates with students in a respectful manner.

Section I

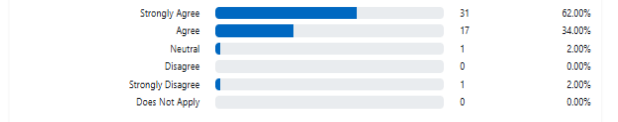

How would you rate this course overall?

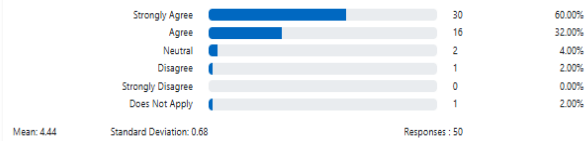

The instructor provides user friendly instructions for navigating the course site.

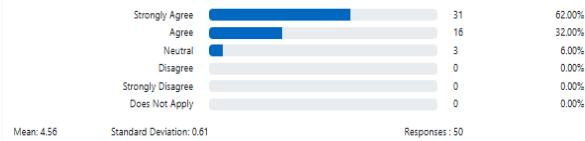

The course (canvas site, instructional materials, assignments, etc.) is well organized and easy to navigate.

Instructions or links to technical support are easily accessible.

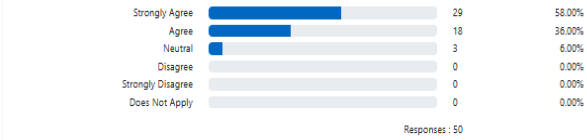

The instructional materials (textbook, readings, videos, etc.) support learning.

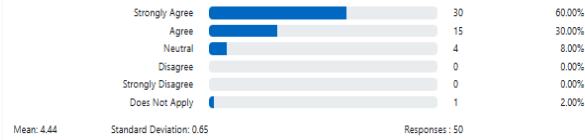

What has been most effective in helping you learn?

- Engaging in activities such as creating business plans, simulating business transactions, and collaborating in group discussions where I can apply what I am learning helped reinforce the material and make it easier for me to grasp.
- Engaging in tasks such as creating management strategies, collaborating in group projects, or practicing decision-making in simulations helps me better understand and retain management principles.
- I have found that I learn better when I can space out my studying, and also taking what I am reading and using it to answer different types of questions.
- The study plans during this course helped me learn a lot. They were very informational and the little quizzes in between helped me learn a lot more.

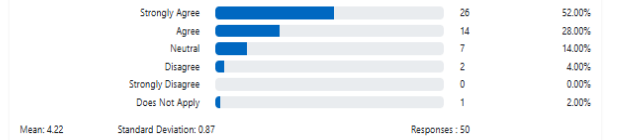

An introduction to my instructor is available online, and it includes a statement of instructor email response time.

The instructor is knowledgeable in the subject area.

The instructor uses teaching techniques and activities that enhance learning.
