

Activities and Organizations

Students at NCC have been most enthusiastic about organizing their activities, guided by faculty advisors. Student activities are similar to those found at other Community Colleges and are based on student interest. These may include baseball, community service, golf, outdoor activities, skiing, gaming, and student government, to name a few. If you are interested in starting a new club, please see Amy Vazifdar or Alex Wunderlich upstairs in the Wellness Center-Room 204-Student Life Office.
